

Student-Friendly Learning Scale

Goal: CONCENTRATION: The first essential for the child's development is concentration. It lays the whole basis for his character and social behaviour.

Behavioral Target: Students will be able to concentrate during the work cycle.

Marzano's Taxonomy Level	SCALE SCORE	Student Friendly Scale
#	Score 4.0	<ul style="list-style-type: none"> ● I model concentration. ● I politely remind others to concentrate.
#	 Score 3.0	<ul style="list-style-type: none"> ● I concentrate on my work until it is complete. ● I do not need reminders to concentrate.
#	Score 2.0	<ul style="list-style-type: none"> ● I recognize when I am not concentrating and can return to my work. ● With reminders from others, I can return to work.
#	Score 1.0	<ul style="list-style-type: none"> ● Even with reminders I have a hard time concentrating. ● A teacher needs to be with me in order to concentrate.
#	Score 0.0	<ul style="list-style-type: none"> ● Even when an adult is with me, I rarely complete work.
